Good morning,

I have an application that I'm working on a transfer that I believe some of the claims belong in class 156. The application number is 10/722,157 and the claims are 1-16 and 26-29, but more specifically claims 6-16. I was wondering if these claims did indeed belong in this class and if the applicant chose these claims, would you be willing to work on them. I would really appreciate the help. Thank you for your time.

Goodmorning,

I have an application that I'm working on a transfer that I believe some of the claims belong in class 310. The application number is 10/722,157 and the claims are 1-16. I was wondering if these claims did indeed belong in this class or if they didn't, if you would possibly know where they might go. I would really appreciate the help. Thank you for your time.
